Official Memo

November 9, 2009

All Patrons, Visitors, Investigators, Etc.

Jonathan Williams
President / Executive Director of Operations
International Museum of Spiritual Investigations

To Whom It May Concern:

In a previous memo I sent out on this website, we have selected three locations of interest for the museum, Wilmington, NC, Williamsburg, VA, and Myrtle Beach, SC.

After careful consideration, and looking through different opportunities, we have decided to shift our focus of operations on Gettysburg, PA. Also known as the Ghost Capital of the World, this area basks year round in visitors, patrons, and residence alike that are ghost enthusiasts. Also with knowledge of the location we are already looking for property and space to showcase the museum.

Hopefully this will be a thriving idea and lucrative to the museum. Hope to get your input as well as support in these ventures.

Sincerely,
